

IBNR Robot – An Actuarial Application on Artificial Intelligence

n- actuarial at 31st ICA Berlin Congress Program 2018

Our team members Nicholas and Shu Yi have participated in the Congress Program, hosted by the German Actuarial Association and International Actuarial Association, to give a presentation about IBNR Robot showcasing our flagship product in the largest global actuarial conference. The session was broadcasted live online and provided as recorded sessions afterwards, which allows a much broader audience from all over the world to follow the high value content presented during the ICA, and helps to secure this knowledge in a sustainable manner.

Key takeaways:

- **Actuarial reporting** – Download draft actuarial report from IT system
- **Effective actuarial work** - The actuarial team shall not include producing draft reports.
